

Summer Year 5

English

In English, we will be writing a story experimenting with a simple Flashback on our class novel, 'Holes'. Children will also complete reading tasks linked to this book, as well as writing and writing a recount with a word limit.

We are reading...

Computing

In Computing, we will be learning about the internet and the World Wide Web. Children will also be learning how to code using HTML and editing some live websites.

Maths

In Maths, we will be exploring Shape; Position and Direction; Decimals; Negative numbers and Converting units.

History

In History, we will be learning about the First World War. Children will understand the main events and impact of WWI as well as why Hartlepool was attacked.

They will also explore what happened during the bombardment and its aftermath on the town and people living in Hartlepool.

Science

In Science, we will be learning about Biology and Sustainability. Our unit will be Animals, including Humans. Pupils will learn how humans change from birth to old age. They will also carry out simple research, comparing how long different animals and humans take to grow before birth, and record how babies grow over time.

Geography

In Geography, we will be learning about how and why trade has become global. Children will recognise that foods we buy in the supermarket come from all around the world. Children will use atlases to identify where different foods come from and why foods are imported into the UK. The children will also learn about the supply chain, as well as the processes behind Fairtrade products.

R.E.

In RE, we will explore the question, 'How do Muslims express their beliefs and values and show their faith through actions?' We will also look at the religious diversity in Hartlepool.

Music

In Music, we will understand that dance music is created using loops. Children will use loops to create a whole piece of music, ensuring the different aspects of music work together.

French

In French, we will continue the following topics: colours, clothes and naming planets in French.

PSHEE

In PSHEE, we will be exploring 'Relationships' with the people around us and also how to keep ourselves safe online.

Art and D.T.

In Art, we will be exploring different techniques for sculpture and experimenting with Modroc.

In D.T, we will be carrying out our Food Technology unit and creating our own Spanish Tortilla.

PE

In PE, children will practise their gymnastics skills and 'Send and Return' through tennis. As well as this, children will engage in Rounders and Cricket, through the skill of 'Hit, Catch, Run!'
